1 Listen and read. 166

In the UK, children play games at school. They usually play at break time in the playground at eleven o'clock. A very popular game is 'It'. One child is 'It'. All the children run away and 'It' chases them. When 'It' catches a child, he or she is now 'It'.

Another popular game is skipping. Two children turn a long rope and another child jumps over it. Everyone says a poem when the child is skipping. Children can play these games in the winter to get warm.

On Saturdays and on Sundays, children often play these games at the park. In the summer, there is no school in July or in August, so the children can play games at the park then too.
